DEPARTMENT OF EDUCATION

NOTICE TO PRINCIPALS

In order that Boards may be enabled to earn their full grants, teachers are asked to comply with the following instructions.

Number of Legal School Days

The number of legal school days as given in this memorandum (see opposite side of page) shall be reduced only when (a) the school or classroom is closed under the provisions of the Public Health Act, (b) the school is closed on a day legally proclaimed a municipal holiday, and (c) the school is closed for a half-day, day, or days because the teacher is attending a legally convened teachers' meeting.

Absence of Pupils

(1) By authority of the Department of Education Act, 1954, Section 5, the Minister may add to the actual aggregate attendance of a school in calculating legislative grants the number of days' attendance lost by pupils,

(a) who left school to enlist in Her Majesty's Forces or to become employed in the production of food or other essential war materials; and whose absence from school was in accordance with the regulations; or

(b) who were absent from school on days regarded as holy days by the church or religious denomination to which they belong; or

(c) who were absent from school because of the closing of one or more classrooms because of fire, flood or the breakdown of the school heating plant or a similar emergency which, in the opinion of the Minister, was unavoidable; or

(d) who were absent from school in the month of June when their regular classroom work was discontinued because of the holding of examinations which they were not required to write.

If a pupil is absent for one of the above reasons, the teacher shall write "G" opposite the name of each pupil concerned for that day or half-day.

(2) In all other cases of pupil-absence from school the teacher shall write opposite the name of each pupil the letter "A" for that day or half-day. This includes the case when a pupil is absent from school because the home is under quarantine.

Summary of Attendance

If, in a month of 21 teaching days a pupil was present 15 days, absent 2 days for a cold, 3 days for quarantine, and 1 day because of a holy day,

the total number of days present is	15,
the total number of days absent is	5, and
the additional number of days for grant purposes is	1.
Total	21

NOTE:—

(1) The additional number of days for grant purposes is not to be used in calculating percentage attendance.

(2) Average daily attendance is the quotient obtained by dividing the sum of the total number of days present and additional number of days for grant purposes by the number of legal school days.

(3) A separate memorandum regarding closing of secondary schools for final examinations in June will be sent to the principals concerned early in 1955.

(4) The following definitions apply to school enrolment:

(a) Admission refers to a pupil whose name is entered for the first time on the roll of a school or whose name is re-entered on the roll after having been removed from the roll by reason of transfer or retirement.

(b) Transfer refers to a pupil who withdraws from a public, separate, or secondary school in Ontario and is enrolled in any one of the following type

(c) Retirement refers to a pupil who withdraws from a public, separate, or secondary school in Ontario and is not enrolled in any one of the following types of Ontario schools — public, separate, or secondary.
